

SaniSure®
Solution Based Innovation

Statement Regarding Storage Conditions and Shelf Life of the following Cap2v8 Assemblies:

- CAP2V8-060PETG-X-2
- CAP2V8-125PETG-X-2
- CAP2V8-250PETG-X-2
- CAP2V8-1000PETG-X-2
- CAP2V8-2000PC-X-2

The shelf life of these products is dependent upon the storage conditions. In general, it is best to store these products in a cool dry environment (room temperature) shielded from direct sunlight. It is best to store in the original packaging until ready to use.

The shelf life of these SaniSure products is two years from date of manufacture if the storage conditions comply with those described above.

Sincerely,

Vincent Pimentel
